

Dare to Bare Facial - Results Driven Professional Facial Routine – rrp £79.00 - £99.00

Products	A facial for all those clients who want to only wear Sun Always Shines tinted SPF 50 on their skin. The aim is to close up pores, even out skin tone and pigmentation and give a naturally clearer look to the skin.
Spotless Glycolic Cleaning Wash	<p>Double Cleanse</p> <p>Massage the Spotless Foaming Glycolic Cleanser onto dry skin. Wait 1-2 minutes then rinse off using the muslin facial cloth. Dry gently with a tissue. Repeat for a second cleanse.</p>
C Fix +10%	<p>Skin Needling</p> <p>Wearing gloves, Dermal Roller or Digital Skin Needle C FIX + into the skin until you reach the end point of the needling section. This will be either 3 passes or when the skin is showing erythema. Clean skin with sterile water or saline and dry with a tissue.</p>
LED light	A relaxing session of the DNA LED light canopy treatment for 10 minutes.
Give Me Hydration	Pat onto the skin with the tips of your fingers using clean gloved hands. Leave to melt into the skin for 1 minute.
Eye Wonder	Dab a small amount of product around the eye area.
Sun Always Shines Tinted SPF 50 Protection	Apply the tinted SPF liberally all over the face and neck.
Treatment Plan	A course of 6 treatments over a 6-12 month timescale.
Home care	It is essential to use the protection of DNA Skincare Sun Always Shines. Without appropriate protection any sun damage, hyperpigmentation or hypopigmentation will return and could even increase.

Skin Reset Programme - Results Driven Professional Facial Routine – rrp £59.00 - £79.00

Products	A facial and skin reset programme for those clients who have been using the wrong products for their skin – they just need a ‘reset’ to bring the skin back to a condition that is both manageable and balanced. This programme is also great for clients who have never used products or who simply want to look after the skin that they are in. This skin programme can be used alongside peels and dermaplaning treatments for the ultimate skin care with visible results.
Spotless Glycolic Cleaning Wash	Double Cleanse Massage the Spotless Foaming Glycolic Cleanser onto dry skin. Wait 1-2 minutes then rinse off using the muslin facial cloth. Dry gently with a tissue. Repeat for a second cleanse.
Rewind	Apply a small amount of this Vitamin A based product avoiding the eye area.
C Fix +10%	Apply a small amount of this Vitamin C based product avoiding the eye area.
LED light	A relaxing session of the DNA LED light canopy treatment for 10 minutes.
Give Me Hydration	Pat onto the skin with the tips of your fingers using clean gloved hands. Leave to melt into the skin for 1 minute.
Eye Wonder	Dab a small amount of product around the eye area.
Sun Always Shines Tinted SPF 50 Protection	Apply the tinted SPF liberally all over the face and neck.
Lip Service	Finish off your Skin Reset Programme with lip hydration in the form of Lip Service.
Treatment Plan	A course of 6 treatments over a 6-8 month timescale. Leaving a gap of at least 4 weeks with home care products to continue the programme.
Home care	A home care routine is essential for this client. Spotless Glycolic Wash, Rewind .8% Retinol, and Sun Always Shines is a basic package that this client would need. Consider including in your treatment cost.
